

TABLE OF CONTENTS OF IJ ITA VOL. 26, NUMBER 1

Decision Tree Analysis to Improve e-mail Marketing Campaigns Hamzah Qabbaah, George Sammour, Koen Vanhoof	3
Expert Models of Vector Optimization Albert Voronin, Yuriy Ziatdinov	37
Discrete Tomography Model for a Doe Problem with Limited Resources Levon Aslanyan, Hasmik Sahakyan	53
Intensive Care Unit (ICU) Data Analytics using Machine Learning Techniques Zeina Rayan, Marco Alfonse, Abdel-Badeeh M. Salem.....	69
The Use of Cognitive Graphics in the Diagnosis of Complex Vision Pathologies Aleksandr P. Ereemeev, Irina V. Tcapenko	83

TABLE OF CONTENTS OF IJ ITA VOL. 26, NUMBER 2

<i>Defining the Concept “Digital Leadership”</i> Miglena Temelkova	103
<i>Marker-based Finger Gesture Interaction in Mobile Augmented Reality</i> Loubna Ahmed, Doaa Hegazy, Salma Hamdy, Taha Elarif	115
<i>The Role of Activity Motivators and Demotivators in Gamifying Learning</i> Darina Dicheva, Keith Irwin, Christo Dichev.....	134
<i>An Evaluation of Sentiment Analysis on Smart Entertainment and Devices Reviews</i> Donia Gamal, Marco Alfonse, El-Sayed M. El-Horbaty, Abdel-Badeeh M. Salem.....	147
<i>Wireless Smart Multisensor Networks for Wine-Making Process Control</i> Volodymyr Romanov, Igor Galelyuka, Oleksandr Voronenko, Oleksandra Kovyrova, Sergei Dzyadevych, Ludmila Shkotova.....	165
<i>Airlines Passenger Forecasting Using LSTM based Recurrent Neural Networks</i> Varun Gupta, Kanupriya Sharma, Mohit Singh Sangwan	178
<i>A Survey of Distributed Data Classification with Boosting</i> Karlen Mkrchyan	188

TABLE OF CONTENTS OF IJ ITA VOL. 26, NUMBER 3

<i>Particle Swarm Optimization in Linear Optimization Problems</i> Nuria Gómez Blas, Luis Fernando de Mingo López, Juan Castellanos Peñuela.....	203
<i>Isomorphism of Predicate Formulas in Artificial Intelligence Problems</i> Tatiana Kosovskaya.....	221
<i>Detecting Communities from Networks: Comparison of Algorithms on Real and Synthetic Networks</i> Karen Mkhitarian, Josiane Mothe, Mariam Haroutunian	231
<i>Minimal and Maximal Models in Reinforcement Learning</i> Dimitar Dobrev	268
<i>Developing Enterprise Financial Sustainability and Bankruptcy Forecasting Model in Specific Economic-Mathematical Environment Using Simulation Method</i> Tea Munjishvili	285

TABLE OF CONTENTS OF IJ ITA VOL. 26, NUMBER 4

Architectural solution of system for semantic comparison of the texts

Vitalii Velychko 303

Model of the Relation “Digital Leadership – Digital Entrepreneurship” in the Realities of Industry 4.0

Miglena Temelkova..... 234

Mathematical Model of Multicriterial Distribution of Transport Flows in The Multimodal Transport Network

Tetiana Konrad 334

One Approach to Study Software Ecosystem Properties

Olena Grinenko, Sergiy Grinenko 356

Research and Design of Production Process Control Information System

Anastasiya Vecherkovskaya 363

Ontological Principles of the Problem Of Choice

Oleksandr Stryzhak, Viacheslav Horborukov, Vitalii Prykhodniuk, Oleg Franchuk, Oleksii Golovin, Vitalii Velychko, Hrihorii Potapov, Andrii Honchar 375
