

TABLES OF CONTENTS OF IJ ITK – VOLUME 14

Volume 1, Number 1

Preface	3
<i>Larisa Zaynutdinova, Maxim Polskiy</i> Electronic Education in the Field of Electrical Engineering Disciplines. Combined Didactic Interactive Program System	5
<i>Rositsa Doneva, Daniel Denev, George Totkov</i> Towards e+Learning, or How to Increase the Learning into e-Learning	13
<i>Safwan El Assad, Velina Slavova, Gilles Nachouki</i> Cognitive Approach to e-Learning in Sciences and Technologies	19
<i>Irina Zheliazkova, Magdalena Andreeva, Rumen Kolev</i> Knowledge Testing in Algorithms – an Experimental Study	26
<i>Konstantin Berezovskiy, Olexy Voloshyn, Igor Drozdov</i> Developing Collective Teaching Computer Software for the Course "Decision Theory"	33
<i>Irina Petrova, Viktoriya Zaripova</i> Systems of Teaching Engineering Work on Base of Internet Technologies	37
<i>Aleksandrija Aleksandrova, Nadezhda Nancheva</i> Electromagnetism: Interaction of Simulation and Real Lab Experiment	44
<i>Yakov Shifrin</i> Methodological Foundations of Fundamental Engineering Education	51
<i>Evgeny Eremin</i> About the Experience of Developing Interactive Dynamic Illustrations for Educational e-Materials	53
<i>Adil Timofeev, Alexey Syrtzev, Anton Kolotaev</i> Education Complex "Multi-agent Technologies for Parallel and Distributed Information Processing in Telecommunication Networks"	58
<i>Dina Rozhdestvenska</i> The Principles of Creation of Teaching Materials and Organization of Ukrainian Language Learning Process using Distance Support in Senior Classes	61
<i>Manfred Bauch, Valentyna Pikalova</i> Exploring Linear Functions – Representational Relationship	67
<i>Arsenia Grigorova, Desislava Dimkova, Monka Koceva, Milena Staneva, Boyanka Stefanova, Maria Shishkova</i> Methodology for Training Teachers in Basic and Specific Computer Skills	71
<i>Khaled Batiha, Safwan Al Salameh</i> E-learning	76
<i>Victor Bondarenko</i> Mobile Communication Technology as a Tool of Educational Process	78
<i>Petr Rogov, Nikolay Borisov</i> Developing a Mobile Distance Learning System	81
<i>Dimitrina Polimirova, Eugene Nickolov, Cecko Nikolov</i> Investigating the Relations of Attacks, Methods and Objects in Regard to Information Security in Network TCP/IP Environment	85
<i>Maria Nickolova, Eugene Nickolov</i> Conceptual Model and Security Requirements for DRM Techniques Used for e-Learning Objects Protection	93
Table of Contents of Volume 1, Number 1	100

Volume 1, Number 2

<i>Emiliya Saranova</i> Dimensioning of Telecommunication Network Based on Quality of Services Demand and Detailed Behaviour of Users	103
<i>Gerta Köster, Stoyan Poryazov</i> Implications of Recent Trends in Telecommunications on Modeling and Simulation for the Telecommunication Industry	113
<i>Jose A. Calvo-Manzano, Gonzalo Cuevas, Ivan Garcia, Tomas San Feliu, Ariel Serrano, Magdalena Arcilla, Fernando Arboledas, Fernando Ruiz de Ojeda</i> Requirements Management and Acquisition Management experiences in Spanish Public Administrations	116
<i>Jesus Cardenosa, Carolina Gallardo, Alvaro Martin</i> A Practical Case of Software Localization after System Development	121

<i>Hector Garcia, Carlos del Cuvillo, Diego Perez, Borja Lazaro</i> Experiences on Application Generators	128
<i>Balakrishnan Ramadoss, Kannan Rajkumar</i> Modeling and Annotating the Expressive Semantics of Dance Videos.....	137
<i>Khaled Batiha, Safwan Al Salaimeh, Khaldoun A.A. Besoul</i> Digital Art and Design.....	147
<i>Zinoviyy Rabinovich, Yuriy Belov</i> Consciousness, Sub-consciousness and Emotions, Soul and KDS	152
<i>Alexey Voloshin</i> Decision-making Support Systems as Personal Intellectual Device of a Decision-maker	159
<i>Maria Nickolova, Eugene Nickolov</i> Verification and Application of Conceptual Model and Security Requirements on Practical DRM Systems in e-Learning	163
<i>Vira Lyubchenko</i> A Multi-agent Framework for Distributed Decision-making Systems	169
<i>Sergey Kiprushkin, Sergey Kurskov, Eugene Sukharev</i> Connection of Network Sensors to Distributed Information Measurement and Control System for Education and Research.....	171
<i>Alexander Kuzemin, Vyacheslav Lyashenko</i> Procedure of Formalization of the Indices of Banks' Stable Functioning in Comparative Estimates of Their Development	175
<i>Georgi Stoilov</i> An Algorithm for Fresnel Diffraction Computing Based on Fractional Fourier Transform	181
<i>Ventseslav Draganov, Georgi Toshkov, Dimcho Draganov, Daniela Toshkova</i> Device for Counting of the Glass Bottles on the Conveyor Belt.....	185
<i>Maria Eremina</i> About Methods of Mathematical Modelling in the Development of Information Systems	189
<i>Dimitar Dobrev</i> Parallel between Definition of Chess Playing Program and Definition of AI	196
Table of Contents of Volume 1, Number 2	200

Volume 1, Number 3

<i>Eugenio Santos, Rafael Gonzalo, Francisco Gisbert</i> Advergaming: Overview	203
<i>Tatiana Gavrilova, Seppo Puuronen</i> Cognitive Bias in Knowledge Engineering Course	209
<i>Darina Dicheva, Christo Dichev</i> Authors Support in the TM4L Environment	215
<i>Anatoly Gladun, Julia Rogushina</i> An Ontology-based Approach to Student Skills in Multiagent e-Learning Systems.....	219
<i>Elena Netavskaya</i> Self-organization of Functioning Process of Expert System with the Use of Subject Domain Ontology	226
<i>Tim Geleverya, Olga Malinovskaya, Tatiana Gavrilova, Vladimir Golenkov</i> Prototyping Adaptive Online Learning Courses	231
<i>Eleonora Stoyanova, Polina Valkova, Irina Zheliazkova</i> A Domain-Independent Ontology-based Approach to Representation of Courseware Knowledge.....	237
<i>Desislava Paneva, Yanislav Zhelev</i> Models, Techniques and Applications of e-Learning Personalization.....	244
<i>Alexander Kuzemin, Darya Fastova, Olesya Dyachenko</i> Production-frame Model of Representation of Data Domain	251
<i>Dimitrina Polimirova, Eugene Nickolov, Cecko Nikolov</i> Research of the Influence of Methods of Compression on the Co-efficient of Information Security of Objects Under Attacks.....	255
<i>Petar Atanasov</i> Code Access Security in Microsoft's .NET	261
<i>Lilia Pavlova-Draganova, Vladimir Georgiev, Lubomil Draganov</i> Virtual Encyclopaedia of the Bulgarian Iconography.....	267
<i>Grigory Gnatienko</i> Software for Expert Information Processing During Carrying out the Examinations.....	272
<i>Evgeny Zabudsky</i> Lecturer's Web-site and its Role in Distance Learning.....	279

<i>Elena Ponomaryova, Tatiana Nevenchannaya, Vladimir Pavlovsky</i> e-Course of Theoretical Mechanics.....	281
<i>Andrey Belonogov</i> Design Standardized Web-Components for e-Learning	288
<i>Andrii Donchenko</i> I&R Systems on the Internet/Intranet Cites as the Tool for Distance Learning.....	293
<i>Andrii Striuk</i> Using Elements of Semantic Parsing in e-Learning Environments.....	297
Table of Contents of Volume 1, Number 3.....	300

Volume 1, Number 4

<i>Detelin Luchev</i> Bulgarian National Ethnographic Museum – Meeting the Challenges of Digitisation	303
<i>Abdelmegeid A. Aly</i> Applying Genetic Algorithm In Query Improvement Problem	309
<i>Dmitriy Elchaninov, Mikhail Bondarenko, Kateryna Solovyova, Sergey Matorin, Vasy Matorin</i> Systemological Knowledge-based Technology for Solving Complete Ill-structured Problems	317
<i>Vitaliy Snytyuk, Oleksandr Dghulay</i> Evolutionary Technique of Shorter Route Determination of Fire Brigade Following to Fire Place with the Optimized Space of Search	325
<i>Safwan Al Salaimeh</i> Information Technologies of the Distributed Applications Design	332
<i>Galina Bogdanova, Todor Todorov, Dimitar Blagoev, Mirena Todorova</i> Use of Dynamic Technologies for Web-enabled Database Management Systems	335
<i>Maria Nickolova, Eugene Nickolov</i> Threat Model for User Security in e-Learning Systems	341
<i>Yordan Penev, Svetlozar Markov</i> Domain Modeling to Support Anti-cyber Crime Education	348
<i>Dimitrina Polimirova, Eugene Nickolov, Cecko Nikolov</i> Application of Methods of Multi-criteria Evaluation in Choosing a Method of Compression as a Means of Heightening the Information Security of System and Applied Objects	352
<i>Georgi Staykov</i> Google - Security Testing Tool.....	359
<i>Tsvetanka Kovacheva</i> Use of the Maple System in Math Tuition at Universities.....	363
<i>Irina Zheliazkova, Georgi Georgiev, Rumen Kolev</i> Adaptation of a Task-oriented Training Environment to its Users.....	369
<i>Pavlo Fedoruk</i> The Automation of Adaptive Processes in the System of Distance Education and Knowledge Control	376
<i>Mykola Savchenko, Ganna Molodykh</i> Remote Development of Distance Course Using Virtual Learning Space 'Web-Class Khpi'.....	380
<i>Ganna Molodykh</i> E-Support for English Language Course to Enhance University Students' Learning	384
<i>Vincent Ialenti</i> About Massachusetts Colleges Online June 2006 Sharing Best Practices Conference	389
About 60 th Anniversary of Institute of Mathematics and Informatics, Bulgarian Academy of Science.....	393
About 15 th Anniversary of Association of Developers and Users of Intellectualized Systems	394
About 10 th Anniversary of Association of Developing of the Information Society	395
Tables of Contents of IJ ITK – Volume 1.....	396
Authors' Index.....	399
Table of Contents of Volume 1, Number 4	400
